Report to WSSDA’s Task Force on Small Schools Issues
Nov. 23

Jim Kowalkowski
Superintendent - Davenport School District &
Director - Rural Ed. Center
(some slides created by Dan Steele)
When Will the Madness End?

- Pending Federal Cuts (Sequestration)
- Fast Track Implementation of Common Core Standards & Smarter Balanced Assessments
- NCLB Waiver
- Fast Track Implementation of New Teacher & Principal Evaluation (TPEP)
- Implementation of ESHB 2261 (Slow Track?)
- State Board of Education’s Agenda
- Impacts of McCleary Decision
- Significant Changes in the State Legislature Leadership
- School Safety Issues ???
Changes to Student Expulsions/Suspensions

• Can no longer be “indefinite”

• After 10 days, emergency expulsions must end or be converted to another form of corrective action

• School districts are required to create a reengagement plan tailored to the student’s individual circumstances
Changes to Student Expulsions/Suspensions

• Any suspension or expulsion lasting longer than 10 days must have an end date no later than one calendar year from the time of the suspension or expulsion.

• A school may petition the supt. of the school district for a longer suspension or expulsion based on public health or safety reasons.

• OSPI must adopt policy & procedures outlining the limited circumstances for exceeding the one calendar year provision.
Significant Changes to Hi-Cap Program

• Highly Capable and Basic Education—WAC 392-170 Amendment

• WAC 392-170—Special Service Program—Highly Capable Students has been revised to reflect the 2009 legislative action which redefined basic education to include programs for highly capable students. Changes to RCW 28A.185—Highly Capable Students, effective September 2011, finds that for highly capable students, access to accelerated learning and enhanced instruction is access to a basic education.
Significant Changes to Hi-Cap Program

• The 2013–14 school year will be a transition year for all districts to develop a plan for serving highly capable students in Grades K–12.

• OSPI’s BULLETIN NO. 016-13 Title I/LAP and Consolidated Program Review

• There are 14 separate statements in the bulletin that districts “must” do...

• ESD’s providing assistance and training opportunities
High School Acceleration
HB 1652

• Encourages school boards to adopt an academic acceleration policy for high school students
• Enroll qualifying students in the most rigorous level of advanced courses offered by the high school
• ½ of the $2.17 million allocated to school districts based on the growth of % of students who earn dual high school & college credit during the prior year
• The other ½ of the $ allocated to high schools with dual credit enrollment in the lowest 25% quartile..with the goal of improving participation rates
Significant Changes to LAP - (ESSB 5946)

• Basic ed funding for the Learning Assistance Program is increased significantly
• Requires LAP funds to be used for research-based interventions & activities that are proven effective in improving academic achievement
• Highest priority on early-grade reading proficiency
• The permissible used of LAP funds are extended to include interventions for students with behavior issues
Navigation 101—($5.03 million cut)

Navigation 101 is part of a comprehensive school guidance and counseling program in Washington state. The purpose of Navigation 101 is to help students make choices for college and career readiness in the areas of course selection, goal setting, career planning, and postsecondary options, including financial aid. **Funding for the Navigation 101 grants is eliminated.** Funding for 2.5 FTEs at OSPI is maintained to support the curriculum where districts elect to continue to utilize the program using other funding Sources.
Moving to Common Core Standards

• Did you know that the 2-13-24 school year is the “3rd year of implementation of CCS”?

• OSPI Website:
  – By 2014-15 these standards will be fully implemented and student achievement will be measured by a new assessment system.
• **Summative** tests are required. They will take place during the last 12 weeks of the school year. These computer-based tests will help schools evaluate how well their students performed by comparing them with students from other schools across the nation. The end-of-year assessments also will empower families by providing them with a clear indication of how well their children are progressing toward mastering the academic knowledge and skills necessary for college and career readiness.

• **“Interim” tests** are optional. They are flexible, non-secure periodic assessments to be offered at teachers’ and schools’ discretion throughout the school year. These computer-based tests will provide meaningful feedback that teachers can use to help students succeed.
Starting in the 2014-15 school year:

• The new Smarter Balanced tests will replace the math, reading and writing portions of the MSP students in grades 3-8. The science portion of the MSP (tested in grades 5 and 8) will remain the same.

• 11th graders will take the high school level of the new Smarter Balanced tests, but meeting standard on the tests is not a graduation requirement until the Class of 2019.

• Students will not take the new Smarter Balanced tests in grades K-2, 9, 10 or 12.
State Budget Challenge

Making Progress Towards McCleary Mandate

• At least $1 billion “down payment” this session to show progress?

Dealing with Projected Deficit for 2013-15 Budget

• “At least” $900 million estimated deficit between anticipated revenues and projected expenditures

2014 Legislative Session

Hot Topics
Strengthening the 180-Day School Year:

Priority: Request legislation to strengthen the 180-day school year calendar by seeking a minimum school day definition, and/or limits on half days. Seek funding to support educator professional development, ensuring that such services do not come at the expense of 180 full instructional days. Additionally, seek statutory changes to achieve consistency in what constitutes instructional time for the purposes of satisfying the 180-day and 1,000 hour statutory minimum requirements.

Background: This change seeks greater consistency with the definition of “instructional hours” in the same chapter of law, eliminates the need for districts to seek waivers for this purpose, resolves the conflict between the WaKIDs mandate and the basic

education statute, and recognizes the value of parental involvement to student achievement. This change reduces local incentives to schedule large numbers of partial days, protects the integrity of the minimum 180-day school year, and promotes instructional quality for children.
McCleary Decision

✓ The Supreme Court ruled that they would retain jurisdiction over this case...

✓ Dec. 21, 2012—Supreme Court Order following the State’s Initial Compliance Report...
THE SUPREME COURT OF WASHINGTON

MATHEW and STEPHANIE McCLEARY, et al.,

Respondent/Cross-Appellant,

v.

STATE OF WASHINGTON,

Appellant/Cross-Respondent.

ORDER

Supreme Court No. 84362-7
King County No. 07-2-02323-2 SEA

This matter came before the court on its December 6, 2012, en banc conference following the parties’ submissions in response to this court’s July 18, 2012 order. See Report to the Washington State Supreme Court by the Joint Select Committee on Article IX Litigation; Pl./Resp’ts’ 2012 Post-Budget Filing. The question before us is whether, in remedying the constitutional violation of the State’s paramount duty under article IX, section 1, current actions “demonstrate steady progress according to the schedule anticipated by the enactment of the program of reforms in ESHB 2261.” Wash. Supreme Court Order (July 18, 2012) at 3 (Order).
A few quick thoughts regarding what we need to remind our state legislators in regards to the McCleary Ruling...
Contact your state legislators

• Follow the mandates from the McCleary Decision
• **Before more “reform” and further mandates are forced on us, realize that we are already dealing with:**
  – Implementation of Common Core Standards and New Assessments
  – Implementation of TPEP
  – Working hard to meet the needs of our students and local community
Federal Funding Cuts
2014 Legislative Session

Hot Topics

“Levy Swap”
63\textsuperscript{rd} Washington State Legislature

• 2013 Session Review
  – November 2012 Election
  – 2013-15 Budget
  – Education Policy

• 2014 Session Preview
  – Education Policy Items

• McCleary Implementation
  ‣ WASA 2014 Legislative Platform
Setting the Stage for 2013

• Odd-year “long” session, limited to 105 days

• Major focus: adoption of Biennial Budgets
  – 2011-13 Operating Budget
  – 2011-13 Capital Construction Budget
  – 2011-13 Transportation Budget

Major concern: projected shortfall and compliance with *McCleary*
...with little-to-no revenue options
Legislative Elections—2012

• Pre-election party strength:
  – House: 56 Democrats, 42 Republicans
  – Senate: 27 Democrats, 22 Republicans
  – Democratic Governor

• Post-election party strength:
  – House: 55 Democrats, 43 Republicans
  – Senate: 26 Democrats, 23 Republicans
  – Democrats retain Governor’s mansion
Major Facelift in Olympia!

• Jay Inslee (D), first new Governor in 8 years
• 21 new members in House (total=23 seats)
• 10 new members in Senate (+3 vacancies)
• Over 40 new caucus and/or committee leadership positions
Mayhem in the Senate

- 2 moderate Democrats join with 23 “minority” Republicans to form new “Senate Majority Coalition Caucus”
  - Install Sen. Rodney Tom (D-Medina) as Senate “Majority” Leader
  - Install Sen. Tim Sheldon (D-Potlatch) as Senate President Pro Tempore

- Stated Priorities: Balanced Budget, Education, Jobs

- Major Theme: “Reform before Revenue”
2013-15 Budget Situation

• November forecast: $900 million shortfall*

• March forecast: $1.3 billion shortfall*
  – Caseloads: up $301 million
  – Revenues: up $40 million
  – Bracken decision: $160 million loss

• June forecast: $1.0 billion shortfall*
  – Caseload/Revenue: up net $320 million

*Projections do NOT include $1.0-2.0 billion required McCleary down payment

There Are No “Dead” Bills

ALL un-adopted bills are automatically reintroduced in the Second Year of the Biennial Session
2014 Session

• Even-year “short” session, limited to 60 days

• Major focus:
  – Policy issues
    • All un-adopted bills reintroduced
  – 2014 Supplemental Budgets
    • Tweaks to 2-year Operating & Capital Budgets
  – Full Transportation Budget & Revenue Package
2014 Education “Reform” Issues

• A-F Letter Grading of Schools
• Staff Assignment—“Mutual Consent”
• Definition of a “School Day” (and SBE waivers)
• Student Growth in Teacher Evaluations
• School Director/Administer Training
2014 Ed Funding “Reform” Issues

• Supplemental Contracts
  – capping/focusing/eliminating TRII pay

• Levy Lids & Local Effort Assistance

• Small School & Small High School Funding

• Levy “Swap”
  – “The swap could be done well or badly, but some version of it is obviously necessary to comply with McCleary and the constitutional mandate. Lawmakers – and the governor – should be arguing about how to do it, not whether.” TNT editorial, 7/13
The Levy “Swap”

Basic Concept of a Complicated Funding Plan:

1. Create a revenue-neutral “swap” of local levies for the state Common School Levy (aka State Property Tax)—and use the new BEA model to drive out the new funding to schools

2. Allow growth greater than the current 1% restriction on the Common School Levy

3. Reset local levy caps at $2500 per student

4. Make local levies reliable by making them permanent (with automatic adjustments for COLAs and enrollment growth)
The Levy “Swap”

Common School Levy
Current Law v. Fixed Rate Levy ($3.20) at 3% and 3.9% Growth

2014 Legislative Platform

DRAFT
WASA 2014 Legislative Platform

• WASA asks the Legislature to ensure the state’s new basic education finance system is fully implemented by 2018—as directed by the Supreme Court’s McCleary decision—while maintaining current obligations, such as Local Effort Assistance (LEA).

• WASA supports appropriate school accountability; however, we urge the Legislature to fully fund basic education and satisfy the McCleary Court decision before starting any new program. Further, new programs should be not be adopted without adequate funding.
WASA 2014 Legislative Platform

- WASA urges the Legislature to review and take action on the final report submitted by the Compensation Technical Working Group (June 2012) to ensure the state meets its responsibility to establish an equitable and adequate allocation system for public school employee compensation.
WASA’s Message

• An educated citizenry is critical to the state’s democracy; a well-educated population is the foundation of our democracy, our economy, and the American dream.

• Public education plays a critical role in promoting equality, operating as the great equalizer; public education provides unprivileged citizens with the tools they need to compete on a level playing field with citizens born into wealth or privilege.
WASA’s Message

• Education plays a critical role in **building and maintaining a strong economy**; public education builds the well-educated workforce necessary to attract more stable and higher wage jobs to the state’s economy

• Washington’s duty to education is constitutionally declared to be its **paramount duty**

• In summary: Public education is a **wise “investment”** in the future
