**Date**

## **Weekly reflection questions for Teacher Candidates to share with Supervisors**

### **This past week:**

What prep work have I done in regard to student lessons or activities?

What have I presented or taught to my students? How did it go?

What progress have I made in building rapport with students or establishing a connection with home?

What new tips or strategies have I learned to help engage students in their learning?

What student challenges or classroom management issues have I encountered and what are some potential strategies I might try using?

What have I planned for the following week with my mentor?

What have I done to take care of my own social/ emotional well-being?
