

Updating your bio

1. Go to education.wsu.edu/wp-admin

2. At the login screen, your username and password will be your normal NID login.

3. Upon successful login, you'll be taken to the "Dashboard."

4. In the address bar, go to your bio page. In this case, we're using Sola Adesope's page as an example. Thanks Sola!

Research interests

Sola Adesope's research is at the intersection of educational psychology, learning sciences, instructional design and technology. His recent research focuses on the cognitive and pedagogical underpinnings of learning with computer-based multimedia resources, knowledge representation through interactive concept maps & diagrams, meta-analysis of empirical research, evaluation of learning objects, and investigation of instructional principles and assessments in Science, Technology, Engineering and Mathematics (STEM) domains.

Teaching interests

Dr. Adesope teaches the following courses: Theoretical Foundations of Learning and Instruction, Principles of Research, Quasi-Experimental Designs, Systematic Reviews and Meta-Analysis as well as Advanced Educational Psychology with Emphasis on Multimedia Learning Theories, Principles and Research.

Recent achievements

RECENT GRANTS AND AWARDS (SELECTED)

- 2015 - Co-Principal Investigator on a National Science Foundation grant entitled "An Instrument and Adoption Framework for Student Cognitive and Social Engagement with a Course" #895393
- 2015 - Co-Principal Investigator on a National Science Foundation grant entitled "90905: Power Electronics Refined: Learning via ePuzzle Kits and Software Tutor" #549395
- 2015 - Published article on the meta-analysis of intelligent tutoring system (empirical) by the Journal Program of ASEE
- 2014 - Presented the "Outstanding Early Career Researcher Award" for American Educational Research Association's Technology, Instruction, Cognition and Learning Social Interest Group - Philadelphia, PA
- 2014 - Presented the Washington State University's College of Education "Excellence in Research" award
- 2014 - Co-Principal Investigator on a National Science Foundation grant entitled "iMoodle-Deakin Learning Modules (iDM) to Facilitate Transformation of Undergraduate Engineering Classes" #714706
- 2013 - Co-Principal Investigator on a National Science Foundation grant entitled "Exploring Social Programming Environments in Early Computing Courses" #548793
- 2013 - Co-Principal Investigator on a Mathematics and Science Partnership grant entitled "Enhancing Understanding of Scientific Concepts and Practices with the Science Writing Heuristic Approach, Concept Mapping, & Instructional Design" #513139
- 2013 - Principal Investigator on a project funded by Organization for Economic Cooperation and Development (OECD), Paris-France, entitled "Statistical Analysis of Teaching and Learning International Survey (TAUS)" #501500

5. At the top of the page is this "ribbon" which has an "Edit Page" listed on it. Click on this to move to edit mode.

6. When it moves to edit mode, it will look something like this:

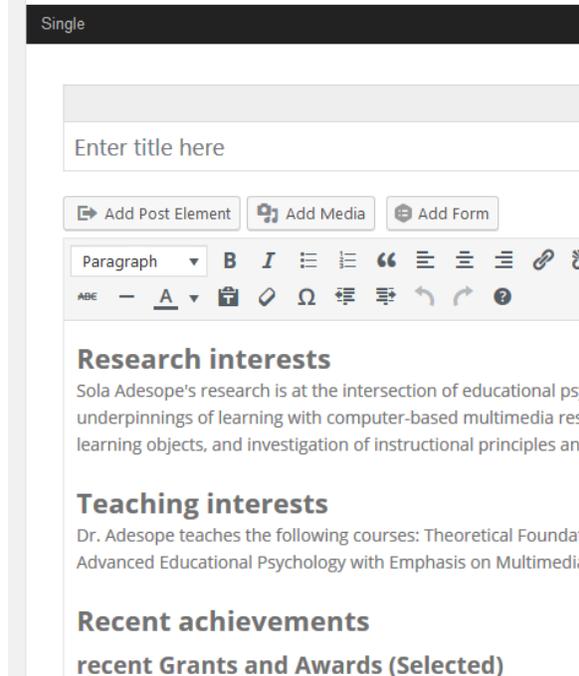

The FIRST area is one row with two columns. It *should* say "Halves" and then have two columns, stacked one on top of the other. One will say Column 1 of 2, the other will be 2 of 2.

You should not try and change your photo on your own, due to size parameters and consistency issues.

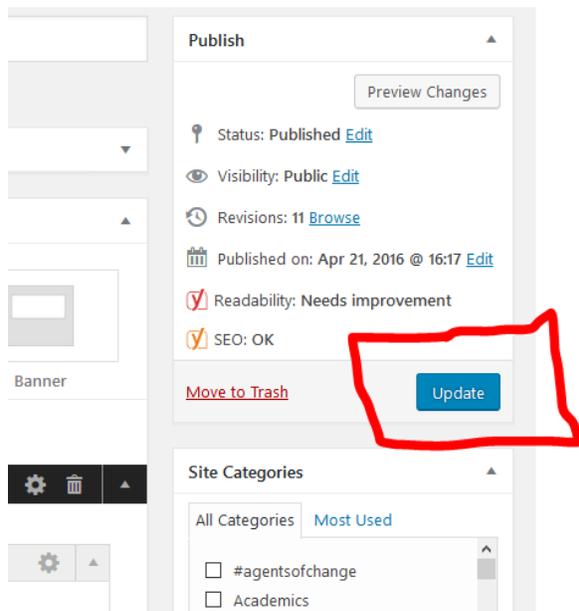

7. In your contact box (Column 2 of 2), you can work in the box as if you were in Microsoft Word. You can delete old info, write in new info, update links, etc.

WARNING: You do not every want to update the Curriculum Vitae link once it has been placed for the first time. All you'd do after that is update the corresponding document!!!

8. The next box below will be a row with a single column and will hold all the bio info. Just like the contact box, this also works like Microsoft Word. It's easy to make changes.

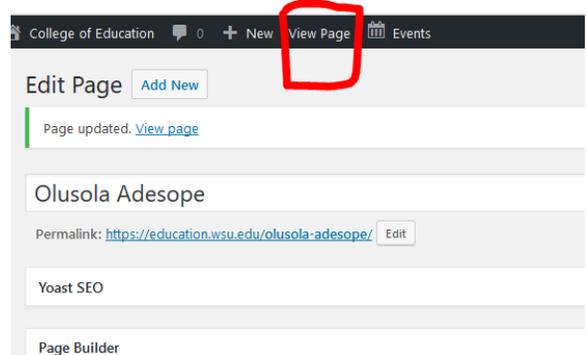

9. When all your changes are made, you can go to the righthand side of the screen and click the "Update" button.

10. When updating is complete, you'll be back at the edit screen. From here you can just exit out. Or...

11. ... if you want to see your changes, just go to the top and click on the "View Page" link.

12. If there are any other changes, just repeat the process (starting at No. 5 on this instruction chart).

For help, please email wsucoe.marcomm@wsu.edu and write "Bio Update Help Requested" in the subject line.
