

Bachelor of Science in Kinesiology: For Students Admitted to the Major in Fall 2023 or Later

| University Common Requirements (UCORE) Kinesiology Requirements                                                                                                          |                 |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------|
|                                                                                                                                                                          |                 |
| FIRST-YEAR EXPERIENCE: (1) KINES 138 Introduction to Kinesiology                                                                                                         |                 |
| (3) HIST 105 Roots of Contemporary Issues (ROOT) (3) KINES 162 Foundations of Physics for Sport and Exercise OR (4) PHYS 101 General Physic                              | es with 111 Lab |
| (3) KINES 199 Human Motor Development (Prereq: $\geq$ 40 Aleks or Math 103+)                                                                                             |                 |
| FOUNDATIONAL COMPETENCIES: (3) KINES 201 Exploring Meaning in Sport and Movement                                                                                         |                 |
| (4) STAT 212 Quantitative Reasoning (3) KINES 261 Health and Wellness                                                                                                    |                 |
| $(3) \qquad \qquad \text{Communication or Written Communication} \qquad (4) \qquad \text{KINES} \qquad 262  \text{Human Anatomy (Prereq: $\geq$ 40 Aleks or Math 103+)}$ |                 |
| (3)       Written Communication       (3)       KINES       264       Fitness Concepts (Prereq: KINES 262)                                                               |                 |
| (3) KINES 266 Prevention and Management of Activity-Related Injuries (Prereq: KINES 262)                                                                                 |                 |
| WAYS OF KNOWING: Inquiry Courses * (3) KINES 311 Strength Training (Prereq: KINES 262, 264)                                                                              |                 |
| (3) PSYCH 105 Social Sciences * (3) KINES 312 Research & Assessment in Kinesiology [M] (Prereq: STAT 212 or PSYCH 311)                                                   |                 |
| (3) KINES 201 Humanities * (3) KINES 313 Psychological Aspects of Physical Movement (Prereq: PSYCH 105 or SOC 101)                                                       |                 |
| (4) BIOL 102/106/107 * (3) KINES 362 Qualitative Biomechanics (Prereq: KINES 162 or PHYS 101)                                                                            |                 |
| (3)       BIOL 140       Natural Sciences       *       (3)       KINES       380       Introduction to Exercise Physiology (Prereq BIOL 251)                            |                 |
| (4) CHEM 101 or 105 (1-4) KINES 390 Kinesiology Practicum or Research (Prerequisite: KINES 264)                                                                          |                 |
| (6) Select a course from two of these three categories: * (3) KINES 461 Motor Learning and Control [M] (Prereq: BIOL 251, KINES 262; Writing Portfolio)                  |                 |
| Arts Diversity Equity & Justice * (3) KINES 484 Exercise Prescription and Medical Conditions [CAPS] (Prereq: BIOL 251, KINES 26                                          | 2)              |
| * (10-12) KINES 485 *** Kinesiology Internship (Prerequisite:> See *** below)                                                                                            |                 |
| INTEGRATIVE AND APPLIED LEARNING: (4) BIOL 251 Intro to Human Physiology (Prereq: Biology 102, 106 or 107) Fall/Summer Only                                              |                 |
| (3) KINES 484 Integrative Capstone (3) SOC 245 Sociology of Sport                                                                                                        |                 |
|                                                                                                                                                                          |                 |
| * Students must be admitted to Kinesiology to enroll in these courses                                                                                                    |                 |
| *** Must have a C or better in all Kinesiology major courses, have completed all                                                                                         |                 |
| UCORE courses and cannot be taken concurrently with any other coursework                                                                                                 |                 |
| Additional Graduation Requirements Cognate Courses (6) (See reverse for additional information)                                                                          |                 |
| Writing Portfolio (complete during second year)                                                                                                                          |                 |
| Writing in the Major Courses [M] (KINES 312 & 461)                                                                                                                       | — I I           |
| 40 credits of 300 & 400 level courses                                                                                                                                    |                 |
|                                                                                                                                                                          |                 |
| Students can choose cognate courses to track toward pre-Med, pre-PA & pre-OT                                                                                             |                 |
| Cognates can also be used to pursue a minor or prepare for a masters degree                                                                                              |                 |

Minimum of 120 credits required for Bachelor of Science degree Students must earn a "C" or better in all Kinesiology, Cognate and UCORE courses used as prerequisites

## **Cognate Courses (Students must complete 6 Courses)**

**NOTE:** The intent of the cognates is to provide flexibility in course options for students that still keeps their plan of study focused by requiring the courses to still be connected to kinesiology or a future kinesiology career. This is **NOT** an inclusive list of courses. Students should consult with a Kinesiology advisor to select cognate courses that meet their individual needs.
